CHARLEROI, WASHINGTON CO., TUESDAY, MAY 29, 1917

WILL EXPLAIN REGISTRATION

**Sheriff and Party to Make
Tour of County Latter
Part of Week**

TO BE IN CHARLEROI FRIDAY

In order to instruct the conscription registrars of the 146 precincts of the county in their duties next Tuesday June 5, and also to avoid the trouble and expense of calling all the registrars to Washington to explain the provisions of the draft law, Sheriff Frank B. Wickerham of the county registration board has arranged to hold instruction meetings over the county, beginning on Thursday and continuing Friday and Saturday.

The county has been divided into zones and instruction meetings will be held in each zone, which the registrars from the precincts in that zone will be expected to attend. Sheriff Wickerham will be accompanied on his tour of the county by Attorney Norman E. Clark and County Controller T. J. Underwood. They will fully explain every detail of the duties of registrars.

The registrars will be notified personally of the instruction meetings and requested to attend. If they should fail to receive notice, however, they may take the newspaper notification as sufficient. It is imperative that the registrars be present at all the meetings in their respective zones. The supplies for registration day will also be delivered by the Sheriff at these meetings. The cards and other papers have arrived in Washington and the registration board of the county is taking opportunity of the plan for the instruction meetings as the best and quickest method to place them in the hands of the registrars. The Charleroi meeting will be held Friday, June 1 at 8:30 o'clock, when the following will be expected to be present:

Unpatriotic to Injure Garden

**Police Will Deal Severely With Those
Who Damage Them—Boys Must
Leave Red Lights Alone**

On the assumption that destruction of gardens is an unpatriotic act and one that at this particular time virtually is an insult to the flag, the police are taking measures to warn mischievous youngsters inclined to depredations. Those who destroy gardens will be dealt with severely.

Another matter the police are taking up is that of acts of youngsters in removing red lanterns from places on streets where they had been placed as danger signals. Last week a lad was placed in charge of the probation officer of the county for filling a lantern with sand and performing other acts of mischief.

THIEVES GET STEEL PRODUCTS PROPERTY AT LOCAL CLUBHOUSE

**Uniforms and Other Prop-
erty Taken Worth \$100—
Game Billed Tomorrow**

The Pittsburg Steel Products baseball club is out about \$100 worth of property, which was stolen from the clubhouse on the baseball grounds Saturday night some time, presumably while the circus was located there. An effort is being made today to trace the stolen property which includes about eight old uniforms, two new ones and several baseballs and bats. Damage was done generally to the club house and other property. Some of it the Barnum and Bailey managers have agreed to fix up.

The Steel Products has two games, morning and afternoon booked for tomorrow, when they will present strong lineups if weather conditions permit them to play at all. The P. J. Sullivan of Pittsburg are to appear. Joe Harenski or Zip Sloan, both of whom are famed pitchers in the Pittsburg will be the Steel Products choice. Adding to the general interest is the fact that Days Lindsay, once a well known umpire of Charleroi, later a minor league umpire and now a traveling salesman, will umpire the games. He is here today, on business and to visit with friends.

RED CROSS ACTIVITIES TAKEN UP BY COUNTY CATHOLIC SOCIETIES

The regular monthly meeting of the Washington County Federation of Catholic societies was held at the Knights of Columbus hall Sunday afternoon and a number of delegates and visitors were present from all over the county.

The principal topic discussed during the afternoon was the work of the American Red Cross society, a chapter of this society having been organized at the meeting of the Federation in April at Canonsburg. Considering the number of chapters that have been organized throughout the county, the membership of the chapter organized by the Federation has been increasing very rapidly.

After the regular business session a program consisting of vocal and instrumental solos and duets, was rendered after which a lunch was served by the Young Ladies' Sodality of St. Jerome's church.

All amusements will be operated full blast, and with good weather such as is promised by the weather bureau large crowds are expected. Three big school outings have been booked for the month of June at the park. The first will be that of the Monongahela schools on Friday, June 8. The following week, on June 15 will

Record Made in Shipments

**Lock No. 4 Shipments Run High in
Twenty-Four Hours Time, Totalling
Slightly Under Million Bushels**

Rivermen are telling of a record coal period ending Friday midnight at Lock No. 4. For the 24-hour day the total shipments of coal and coke ran to 900,000 bushels and only a 50 minute delay by reason of an accident prevented the record being brought to one million bushels. The average monthly shipment of coal through Lock No. 4 runs to 18,000,000 bushels. Of the Friday shipment 800,000 bushels were coal and 100,000 coke. Had this average been maintained day in and day out the month of May would be a record breaker in shipments, with four million bushels to the good.

FOREIGN BORN MAY GET SECOND PAPERS ON NEXT SATURDAY

**Examiner Will be at County
Seat to Make Naturali-
zation Tests**

Saturday of this week has been set as one time when aliens seeking their second naturalization papers may secure them at the office of County Prothonotary A. V. Lewis at Washington. Information to this effect is being sent to county justices of the peace who have been inquiring. Justice of the Peace Paul R. Nutt will go to Washington on Saturday morning and will take a number with him who are seeking naturalization. At that time the examiner will be present and tests made. Each foreign born person will be required to have two witnesses.

CHARLEROI LEADS IN ENLISTMENT TOTAL

Eight From Here in Two Departments Of United States Service—Engineers' Corps Accepts Six Recruits From Charleroi

Several enlistments from Charleroi and other sections of the Monongahela valley were reported Monday at Pittsburgh recruiting offices. From Charleroi alone there were eight enlistments, this borough leading all towns of Washington county and all of the upper Monongahela valley. Enlistments reported are: Army—Emile Bilen, P. Dubinsky, Charleroi. Engineer Reserve corps—Charles P. Baker, Joseph E. Flood, William Kubina, George G. Herche, James E. McGuire, Wilbur Fletcher, Charleroi. Navy—Henry J. Colbert, Joseph J. Schamberg, Lawrence Setting, Monessen.

NO ISSUE OF THE MAIL TO BE PUBLISHED ON MEMORIAL DAY

Tomorrow being Memorial day, and a publicly observed holiday, no issue of the Mail will be published.

Some of the Monongahela school outings, usually one of the biggest of the entire year. Following that in close order will be the picnic of the Charleroi schools on June 19.

WILL OBSERVE MEMORIAL DAY

**Unseasonable Weather Will
Not Spoil Occasion—
Flowers for Graves**

BUSINESS TO BE SUSPENDED

With weather tendencies more suitable to a March inauguration than a May celebration, Memorial day will be observed tomorrow by the nation in tribute to those who died that the nation might live unitedly. The occasion will be a complete holiday and business will be suspended for the day.

Because of the few veterans who are left there may be some curtailment of the graveyard demonstrations and the firing salute may in many instances be missing. Yet the same reverence will be shown that always is shown. Flowers will be placed on graves and solemn homage paid.

The Charleroi observance of Memorial day began Sunday when church services in memory to veterans who have died during the year were held. Tomorrow there will be no organized observance, but there will be a quiet enjoyment of the holiday.

In the way of attractions provided for the holiday hours, there will be the theatrical attractions and morning and afternoon baseball games between the Pittsburg Products club and the P. J. Sullivan of Pittsburg. As Memorial day happens to come midweek there will be some church observance at mid-week prayer meetings.

SPECIAL TRAIN TO BE RUN ON WEDNESDAY TO SPEEDWAY RACES

A special train over the Pennsylvania railroad traveling under the same schedule as for the grand opening of the Uniontown Speedway on May 10, will convey thousands of people from this territory to the races. The Monongahela division train will leave Pittsburg at 8:55 a. m. and the Pittsburgh division train will leave at 10:10, making all stops.

The keenest kind of rivalry exists among the racers entered for the Speedway events. A feature is the fact that two Hudson Super Sixes have been entered, one of them formerly owned by Ira Vail who piloted the car at the rate of 102 miles on the Sheepshead Bay course. This car has been entered by the Wells Mills Electric company of Connellsville. The other Hudson has been entered by the Rose Brothers Auto company, of Greensburg, with Jack Conway driving.

GOVERNMENT WILL DECIDE WHO SHOULD BE EXEMPTED

Marriage will not save a man from the draft. Only those with dependents will be exempted and even in their case this applies to the first call only. This was made plain at the war department Monday. Secretary Baker said that the government would install sufficient machinery to make certain that the dependents were real and not merely semi-dependents.

Berryman's store will be open tonight until 9 o'clock—closed all day Wednesday, Memorial Day. 293-tip

PICKPOCKET VICTIMS

A sacrifice of \$25 to a pickpocket may not seem much, but it is enough to cause him to ply his nefarious operations a little more carefully where he knows he is likely to lose that much to the police. Saturday seven of the gentry were picked up in Charleroi, some of the party being labeled by detectives who know them as professionals. They failed to make a good haul here in spite of the immense circus crowd in town.

Pickpockets travel in the wake of a circus, and there is no known method on earth to keep them from it, except over-laying vigilance on the part of the officers of the places the circus visits, and prompt infliction of penalties. There was nothing but circumstantial evidence against the men arrested here Saturday, though according to the police they are known widely. Consequently the only thing to do was to convince them by the best means at hand of the mistake they made in not passing up Charleroi.

When crowds come to town people need to take a few precautions. Otherwise they might reach their pocketbooks to find someone else had already done some reaching. Pickpockets thrive on any kind of a celebration crowd, and it is well enough to be on the safe side, even if you do feel positive they won't get you.

Over Their Graves

Over their graves rang once the bugle's call,
The searching shrapnel and the crashing ball,
The shriek, the shock of battle and the neigh
Of horse; the cries of anguish and dismay
And the loud cannon's thunders that appeal.

Now through the years the brown pine needles fall,
The vines run riot by the old stone wall,
By hedge, by meadow streamlet, far away,
Over their graves.

We love our dead wherever so held in thrall,
Then they no Greek more bravely died, nor Gail,
A life that's deathless! But they look today
With no reproaches on us when we say,
"Come, let us clasp your hands—
we're brothers all."
Over their graves.
—Henry Jerome Stockard.

SPRING FEVER

NO JOKE

"The name Spring Fever," said a well known physician in conversation the other day, "is a misnomer and is largely a figure of speech used to describe the peculiar lassitude, that so many people complain of at the expiration of our winter months. It is a physiological condition well known to the medical profession and is not a fever at all, but a general letting down of nature's forces, particularly the nervous centers, due to the deficiency of iron and phosphorous both of which are absolutely necessary for the maintenance of bodily vigor.

"Of course," he continued, "the excessive meat eating the loss of green vegetables and of oxygen of which there is so little in the average heated house, all play their part. The result is that nature is calling for an increased output of the vital forces during the winter months and this demand means more phosphorous and iron. For it is these two potent remedies combined which are nature's armament in her defensive warfare. With the advent of warm weather, the pores act more freely and the heart slows up and that peculiar lassitude which we call Spring Fever is manifested.

"And the remedy, Doctor," an interested listener asked? "Why my dear sir, the remedy for these starved nerve and blood centers is Phosphated Iron. But there is no reason why we should ever reach this point, if we would, from time to time take that well known remedy, Phosphated Iron, and so maintain the physiological balance, as shown by our color, our sense of well being push and activity, all of which are necessary to make life worth while."

And the Doctor was right. Special Notice—To insure Doctors and their patients receiving the genuine Phosphated Iron, we have put in capsules only. Do not allow dealers to substitute tablets or pills. Insist on capsules. W. F. Hennings and leading druggists everywhere.

EVERY MOTHER WANTS A BOUNCING BABY

Thompson's Food (Peptonized) is peculiarly adapted to infant feeding, as it is most nearly like mother's milk. It contains all the elements so necessary to the proper growth of the infant and is the only brand of food containing in combination the food values of pure, sweet milk, select barley malt and the elements of beef juice.

If you want your baby to become strong, healthy, full of life and vigor, feed it Thompson's Food (Peptonized).

It is a complete food in itself. Very easily prepared by the mere addition of water. It is not a milk modifier. Its use eliminates the danger usually associated with the local milk supply. We suggest that you try a 50c package with our guarantee of satisfaction.

ARE PROPRIETARY MEDICINES FRAUDULENT?

Undoubtedly, there may be some that are, but on the other hand, there are many proprietary remedies that are as standard as any prescription that any present day physician can write, and in thousands of homes you will find these old, reliable remedies in every day use with satisfactory results. Such a medicine is Lydia E. Pinkham's Vegetable Compound, which for nearly 40 years, has been alleviating the suffering of woman-kind and overcoming some of the most serious ailments of her sex. If you are suffering from any of the ailments of women, just give this medicine a trial and prove its worth for yourself.
